1. This application is in condition for allowance except for the following formal matters:

(1). The abstract of the disclosure is objected to because the Abstract contains the undefined acronym "ALU". All such acronyms should be defined at the instance of their first use within the Abstract. The term "discloss" (line 1) is mistyped. Correction is required. See MPEP § 608.01(b).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

2. The following is an examiner's statement of reasons for allowance: the recorded references do NOT teach or suggest the novel " switching unit" feature as recited in independent claim 1 for providing the desired "OR gate", "AND gate", "adder gate" and "XOR gate".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
